**Independent Auditors' Report  
On Internal Control Over  
Financial Reporting And On  
Compliance And Other Matters Based  
On An Audit Of Financial Statements  
Performed In Accordance With  
*Government Auditing Standards***

Board of Directors  
Interfaith Residence d/b/a Doorways  
St. Louis, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Interfaith Residence d/b/a Doorways, which comprise the consolidated statement of financial position as of June 30, 2017, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 28, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered Interfaith Residence d/b/a Doorways' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Interfaith Residence d/b/a Doorways' internal control. Accordingly, we do not express an opinion on the effectiveness of Interfaith Residence d/b/a Doorways' internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance And Other Matters**

As part of obtaining reasonable assurance about whether Interfaith Residence d/b/a Doorways' consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose Of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Interfaith Residence d/b/a Doorways' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Interfaith Residence d/b/a Doorways' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report On  
Compliance For Each Major Federal  
Program; Report On Internal Control Over  
Compliance; And Report On The Schedule  
Of Expenditures Of Federal Awards  
Required By The Uniform Guidance**

Board of Directors  
Interfaith Residence d/b/a Doorways  
St. Louis, Missouri

**Report On Compliance For Each Major Federal Program**

We have audited Interfaith Residence d/b/a Doorways' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Interfaith Residence d/b/a Doorways' major federal programs for the year ended June 30, 2017. Interfaith Residence d/b/a Doorways' major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Interfaith Residence d/b/a Doorways' basic consolidated financial statements include the operations of five independent living facilities which received \$8,249,664 in federal awards which are not included in the schedule of expenditures of federal awards for the year ended June 30, 2017. Our audit, described below, did not include the operations of the five independent living facilities because the entities' federal awards are audited separately.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of Interfaith Residence d/b/a Doorways' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Interfaith Residence d/b/a Doorways' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Interfaith Residence d/b/a Doorways' compliance.

### ***Opinion On Each Major Federal Program***

In our opinion, Interfaith Residence d/b/a Doorways complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

### **Report On Internal Control Over Compliance**

Management of Interfaith Residence d/b/a Doorways is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Interfaith Residence d/b/a Doorways' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Interfaith Residence d/b/a Doorways' internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report On Schedule Of Expenditures Of Federal Awards Required by The Uniform Guidance**

We have audited the consolidated financial statements of Interfaith Residence d/b/a Doorways and related entities as of and for the year ended June 30, 2017, and have issued our report thereon dated September 28, 2017, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.
